Warranty summary

Pool shell and container	Lifetime
Equipment components	3 years

Summary only. The written warranty, provided before purchase, sets out the full coverage, exclusions and claim steps.

Approximate figures. Dimensions are approximate. The 52 in exterior height and the 45 in water depth are different measurements. Final outside dimensions, shipping weight and site-load requirements for your specific pool are provided before delivery; confirm them before building decks, pads or enclosures. Not an installation planning document. Current version: readypool.com/downloads/readypool-spec-sheet.pdf
